All lists on this page are in alphabetical order. Some of them may be incomplete. If you know of an error or omission, please send a message to the [fop-dev](#) mailing list.

1. Active Committers

Important

Please don't write to any developer directly if you need help on using FOP. Only if you submit questions to the [FOP User Mailing List](#) will other FOP users be able to profit from answers given to your question. Another point is that a developer may have gone inactive or is on holidays in which case you may not get an answer in time.

- [Finn Bock](#) (FB)
- [Chris Bowditch](#) (CB) is a Java/VB Programmer from England.
- [Andreas Delmelle](#) (AD)
- [Luca Furini](#) (LF) is a student of Computer Studies at the University of Bologna (Italy)
- [Christian Geisert](#) (CG)
- [Vincent Hennebert](#) (VH), a Java developer from France; with an interest in typography, and in using Fop as a pdf renderer for book-like documents.
- [Peter Herweg](#) (PH) is helping to integrate the jfor project's RTF support into the upcoming FOP 1.0 version. Born in 1978, he has been serving as an application developer for a small industrial company in Germany since 1999.
- [Clay Leeds](#) (CL) is a web/WAP/Palm developer from Laguna Beach, California, USA. A recent XML/XSL-FO convert, he has been nit-picking FAQs & assorted web pages since his first webmaster position @brain.com in 1996. Most important creation? His li'l Jeremy was born June 18, 2002.
- [Manuel Mall](#) (MM) is an independant software engineer resident in Perth, Australia. Born a long time ago in Germany he has been involved in Software Engineering (Informatik) since the early 70's. Over the last years he has used FOP very successfully in commercial projects for his customers (currently generating roughly 15000 PDF files each working day through FOP) and has decided to put some effort back into FOP to make it even better.
- [Jeremias Märki](#) (JM) is an independent software engineer and consultant from Lucerne, Switzerland. He's also the creator of [Barcode4J](#). See his [home page](#) for more information about him.
- [Glen Mazza](#) (GM) is an information systems analyst from Arlington, Virginia, USA.
- [Simon Pepping](#) (SP) came to FOP from the TeX/LaTeX world. See his [home page](#) for some of his private projects.
- [Jörg Pietschmann](#) (JP)
- [Oleg Tkachenko](#) (OT)
- [Bertrand Delacretaz](#) (BD) is an independent consultant based in Lausanne, Switzerland, specialized in web-related and multimedia applications. See www.codeconsult.ch for more info.

2. Active Contributors

- [Jay Bryant](#), of [Bryant Communication Services](#), is a consulting technical writer who uses FOP to produce PDF files for single-sourcing solutions.
- Louis Masters
- Manoj Nair, Currently consulting for Sony Pictures Entertainment in Los Angeles, CA USA. Previously he worked with Java & related technologies specializing in developing n-tier Web applications.
- [Renaud Richardet](#) (RR) is a Java Programmer interested in XML technologies. See his [home page](#) for more information about him.
- Luke Shannon, Java Programmer, Toronto, Canada

3. Founder

FOP was originally created and donated to the Apache Software Foundation by [James Tauber](#). Information about him can be found at [his website](#).

4. Inactive Committers

- [Kelly Campbell](#)
- [Steven Coffman](#)
- [Tore Engvig](#)
- [Stanislav Gorkhover](#)
- [Fotis Jannidis](#)
- [Karen Lease](#)
- [Keiron Liddle](#)
- [Victor Mote](#)
- [Jordan Naftolin](#)
- [Arved Sandstrom](#)
- [Eric Schaeffer](#)
- [Art Welch](#)
- [Peter B. West](#)
