

# Biological Sequence Analysis

Monday 28. January at Noon in C221

1. 2.5 from Durbin
2. 2.8 from Durbin
3. 2.9 from Durbin
4. Explain how the PAM250 scoring matrix has been constructed (sect 2.8 from Durbin)
5. Explain how the BLOSUM50 and BLOSUM62 scoring matrices have been constructed (sect 2.8 from Durbin)
6. Describe the linear space alignment algorithm (sect. 2.6 from Durbin)
7. 3.1 from Durbin
